

Glades 4-H Clubs Have Big Turnout

The 4-H Achievement Day held in Belle Glade for the first time was a big success and all leaders and agents were more than pleased with results which exceeded their expectations. Hereafter the achievement program had been held on the coast.

The event held in the Belle Glade High School cafeteria on last Saturday beginning at 10 a. m. was called to order by Nancy Harrington, area vice president, the welcome was given by John Causey, Assistant County Agent, and announcements were made by Mrs. Wilma Hearn, Belle Glade 4-H leader.

A grand total of 134 boys and girls participated in the Achievement program. Presentation of Awards was made by Miss Ann Sims, Asst. Home Demonstration Agent, Raleigh Griffin, County Agent, 4-H leaders of the local clubs.

Quite a few parents were also present for this event. Winners in the various categories were as follows: DEBBIE LEWIS of the Sunshine 4-H Club Belle Glade, won first prize in the Breadmaking demonstration out of 3 entries;

MIKE McALL, Canal Point won 1st out of two entries in the Public Speaking Contest; TERRY CREWS of So. Bay place first in Dairy Food Demonstration out of 2 entries;

MARGERY CHAPMAN, Sunshine 4-H Club, Belle Glade won 1st place in Talent Show of 25 entries; JACKIE BAUGHMAN, Sunshine 4-H Club, Belle Glade won 1st in 17 entries in the 2nd Annual Project Demonstrations; MELINDA CHAPMAN, Honey Bees Belle Glade won first in County Song entries out of 7; BEBIE LEMMON, RAMS 4-H Team won the Parliamentary Procedure Contest out of 13 entries.

Lions Benefit Barbecue Saturday

Plans are now complete for Saturdays Lions Club barbecue at the high school cafeteria according to the co-chairman of the event, W. L. Cunningham and Al Harris.

Weeks of preparation have gone into the drive and staff effort of the year for President Bill Rhodes and his officers. All the time has been added to the Lions Club's charity fund.

The committee reports they have obtained the assistance of one of the areas top barbecue chefs, Mr. E. C. Mapp, in preparing the chicken. Assisting Mr. Mapp will be a line-up of the Lions Club best cooks headed by Sam Lovell.

New Co. Record Set In Bowling Tourney

The regular May meeting of the Okeechobee Waterway Association will be held in Clewiston on May 14th, with a barbecue served to visitors.

The meeting agreed on three goals for the association: (1) Channels to be maintained at a 12 foot depth with a 125 feet continuous locking facilities; (2) Development of recreation areas; (3) It is reported that there are 14,000 registered boatmen along the waterway and efforts are being made to contact them asking for active participation in the projects of the waterway association.

Benny Richmond In Action

Benny Richmond put together games of 256, 257, and 247 roll a torrid 760 in the double event in the 2nd Annual Chess Championship Tournament last Saturday night at the side bowling lanes in Belle Glade. His partner, Junior Mendon, rolled 550 for a total of 10 to top 1st place in both

roll and handicap doubles. Mendon's 760 is the highest roll sanctioned 3-game set to rolled in Palm Beach County. Benny also rolled 676 in the 2nd and handicap doubles. Mendon won the scratch single and place third in the handicap division. Curtis Slade and one Betty tied for the 1st place singles with 709.

In the 3 game roll off trophy, Betty won 688 to Benny's 676. Each won a place prize money for their efforts. In the All Events Division, Benny rolled 676 in the 2nd place honors with 1813 and m.

Representative Roberts reports that "the total bills introduced for the session will no doubt exceed 4,000," and "proposed bills seek appropriation of over a billion \$5."

New sources of revenue are entailed in the appropriations bill to be voted today in both the House and Senate, with "the needs of education considerably short of being fulfilled," says Mr. Roberts.

The governor's recreation bill has been introduced, and it recognizes the great need for orderly planning and acquiring recreational areas. Mr. Roberts is hopeful that a start may be made on these needs.

The small counties are apparently determined to split up Lake Okeechobee in order to divide some \$100,000 annually between other counties bordering the Lake.

Mr. Roberts regrets that this matter could not be resolved without incurring feelings that will remain for many years and damage cooperation necessary in facing the many problems of our section of the state.

Rams Still .500 In League Play

For all practical purposes undefeated Forest Hill has locked up the 63 Suncoast Conference title. The Rams have blanked both opponents which they visited last week to maintain a two-game league lead with two games remaining.

The leaders can do no worse than to have a pennant tie, but that vague possibility should be kept in mind. The Rams will visit ninth-place Pahokee. The pennant-deciding game heads a five-game card planned Tuesday.

Other week ends are Stuart at Seacrest, Vero at Ft. Pierce, Riviera at Lake Worth and Palm Beach at Belle Glade.

The menu consists of fresh west corn, baked beans, tomato salad, oven broiled beef, tea or coffee in addition to a generous serving of finger licken, good barbecue chicken, according to Mr. Harris.

Lion Club members will serve from 5 to 8 p. m. and take out orders will be available. Ticket prices are \$1.00 for adults and 75c for children. Tickets will also be available at the door.

"The Lions Club would like to thank the Elks Lodge for postponing their regular Saturday steak night this week in an effort to help make the barbecue a success," quoting Mr. Harris.

Who Is Polluted?

"We Haven't Killed Any Fish" Says Sugar Co-op President

George H. Wedgworth, President of the Glades Sugar House of the Sugar Cane Growers Cooperative, when asked about the stories of waste from the sugar mill polluting the waters of canals and killing fish, says "We fully realize our responsibilities to the public with regard to the possible pollution of waters by any discharge from our sugar manufacturing."

"We have taken every precaution to control wastes from the mill through design of disposal systems, approved by the State Board of Health."

"In addition," continued Mr. Wedgworth, "we have the services of a Sanitary Engineer experienced in pollution control and have reports of analysis of the water from canals into which we discharge, before operations began. He reports that these tests showed the quality of the water at that time was not conducive to game fish and not only trash fish would be found. He assures us that nothing from our industrial waste will adversely affect public health."

"If any damage to the well being of game fish in waters of the Glades has occurred from our operation we are not aware of it, nor have we been advised of any pollution by health authorities."

"We have always in the past, and do now, invite the closest inspection and constructive criticism of our practices."

Mr. John Boy of U. S. Sugar states that the facts and statements of Mr. Wedgworth apply to their Canal Point mill.

Both the Glades Sugar House and the Bryant Mill of U. S. Sugar are reputed to be the most modern in design and operation known to this world-wide industry.

Hearings on Sugarcane Wages-Prices In Glades Office Bldg. May 8 - 10:00 am

A hearing has been set for fair prices for the 1963 Florida sugarcane crop and on the wage determination applied to field workers, effective October 26th of '63, should be continued or amended.

The hearing will be May 8th in the Glades Office Building at 10 a. m.

Producers and farmers must comply with wage rates which have been determined fair and reasonable by the Secretary of Agriculture.

Creeping Government Bureaucracy In Expanding Ideas Of More Policing

Little Leaguers Need More "Men" Mama Needed Too!

Approximately fifty-five parents at a meeting in the high school on Tuesday, April 23, organized and scheduled Little League activities to commence on June 10th.

Assisting president Rodney Connell are "Mac" McAllister, new first vice-president, in charge of Pony League; Ray Roth, second vice-president, in charge of Little League; Lenny Connell, third vice-president, in charge of Farm League.

Milton Geise is treasurer and Paul Anderson secretary.

Sam Crissman is Baseball Commissioner.

Ladies who are available to help with the concession stand are urged to contact Mrs. N. B. Whitall or Mrs. Edwin Prevatt.

The Little League Every officer who is in charge of the concession this year.

A meeting of the new officers will be held Tuesday night, April 30, at the Activity Room of the High School to further plans for a successful season.

The Little League Every officer is urged to attend.

Coaches are badly needed, as well as assistant coaches.

DO NOT LET THE BOYS DOWN — they might let your grandchildren down!

Reports of proposals from the County Commission to Tallahassee of proposed new police powers, bureaus, commissions and Boards pinpoint the trend to centralization, duplication and added cost of government in money and citizens' tempers.

The County Commission proposes to give building inspection police authority. A REA-SON is violation of existing laws about building without permit, so the report goes. So get ready to "get the business" if some inspector doesn't interpret your actions as "in full accordance with the law."

The County Commission also wants to go into the water and sewer business throughout the county, by regulation and supervision beyond existing laws, according to a news release by them. Paul Rardin voted against the proposal.

Another note of interest to the public is the announcement that rail crossings at Canal Point must be properly guarded, or otherwise folks get to the dike and the FEC will stop them up.

It was announced that a special census committee reports to Governor Bryant that Palm Beach County has 258,000 folk and Broward has 383,700 as of January 1st.

There is also a news item that the Commission had been presented with an "ox cart" as a symbol of friendship of Costa Rica to us. The Commission promptly passed the cart on to the museum as a more appropriate home for it than prominence in the Commission's quarters.

We have notice that the sportsmen of the state are hot-footing it to Tallahassee to vote on a bill to create a new Commission which would have police regulatory powers over all water from whatever source in the state, and with emphasis on the priority of use by sportsmen.

Award Of Merit Given Dr. Forsee

Dr. W. T. Forsee, Jr., Chemist in charge, Everglades Experiment Station was presented an award of merit at the annual meeting of Gamma Sigma Delta, an honor society of persons devoted to agriculture research, last Friday night at the Holiday Inn, in Gainesville. He was accompanied by Mrs. Forsee.

The certificate bearing the Gamma Sigma Delta crest was presented to Dr. Forsee by William Thomas Forsee, Jr., by the University of Florida Chapter, in Recognition of Outstanding Service to Agriculture. The presentation was made by Dr. Beckenbacher, director of Experimental Stations.

Sweet Corn— Spring Supply Steady And Sweet

This is no ordinary packing shed. This is one of two arms of a "mule train," the highly efficient apparatus used to field-pack Florida sweet corn. On this mobile machine workers pack the corn immediately after it is pulled, in wirebound crates. Next week the Glades corn deal is expected to reach "the closest thing to a peak shipping period" it is likely to have this spring.

The "closest thing to a peak shipping period" the Glades spring sweet corn deal is expected to reach "the closest thing to a peak shipping period" it is likely to have this spring.

John Whittmore, sales manager for Everglades Growers Cooperative, agrees. James E. Fraser, of A. Duda, and Sons notes there won't be any "heavy peak" this spring, and Roy Segree of South Bay Growers, Inc. points to "steady supplies throughout most of May, no oversupply at any time."

The weather, of course, has caused this happy situation. Explains Whittmore, "There's been no disastrous cold since the first of the year to cause everyone to replant at the same time. This has been a problem many times in the past since all the corn then matures about the same time, causing oversupply."

The only complete replanting was after the December freezes. Minor cold damage in January necessitated some additional replanting.

Finally, an early March frost resulted in a little more damage, but too late to replant. "All this has helped level out corn movement and will continue to do so," says Whittmore. "There's no possibility of a market glut this season."

There four men whose organizations are major factors in the corn picture in this area — talk glowingly of the current corn quality.

"The weather has helped us in this respect too," reports Fraser. "The quality is as fine as I've ever seen." He picked up an ear of corn, pulling back the husk to prove his point. Whittmore calls the quality "outstanding — the best I've seen in the 10 years I've been here." Pearson and Segree also referred to the "good quality

Baptist Continues

Two A. M. Services

The First Baptist Church 17 N. W. Avenue B recently decided to continue two Morning Worship Services. This decision was made by the congregation to make possible church attendance by many who could not attend the regular 11:00 Hour of Worship. For several months First Baptist Church has had two Morning Worship Services, due to the need for seating of the great number attending the service.

Recently the church in an enlargement and expansion program added one hundred and twelve seats to its auditorium which would make possible discontinuing the early Morning Worship Service. However, it was decided by the church that they would continue two services in order that more people might avail themselves of the Ministry of First Baptist Church. The first of the two Morning Services will be held at 8:30 beginning April 28 instead of 8:45 as in the past. The second service will be held at 11:00 and is broadcast over Radio Station WFSN Belle Glade.

The two services are identical and the sermon is the same. Two different choirs are used, however. At the 8:30 service the Chapel or Concord Choir is used and at the 11:00 o'clock service the Sanctuary Choir composed of older young people and adults is the service choir. The Minister and congregation of First Baptist Church extends a cordial invitation to all Belle Glade area citizens to worship with him in their newly enlarged and air-conditioned auditorium. It is a high spiritual experience to worship in the beautiful spacious comfortable auditorium of First Baptist Church.

Episcopal Church Installation Held

The officers and Vestry Committees of St. John the Apostle Episcopal Church were inducted into office Sunday, April 21, 1963 at the Parish Eucharist with Fr. Lossing officiating.

Those duly inducted and installed were Senior Warden, John Edwin Jones; Junior Warden, Bernard E. Painter; Secretary, Myron E. Ludlow; Treasurer, Edwin M. Lively.

New members are James A. Winchester, Bernard E. Painter and Myron E. Ludlow. Standing members presently serving are Tom C. Chappell and Grant E. Averill.

Walther Leaguers Plan Activities

A meeting for the Walther Leaguers is usually called the 2nd Sunday of the month, but this one was moved up to the 3rd week because of Easter and held at the home of Millicent and Louis Kirchman.

The meeting was opened by the president, Judy Green, and Cheryl Stone read the devotionals, the secretary Millicent Kirchman gave a report which was approved as read. Pastor William Reitz gave the meditation. The League plans to attend a Youth Rally in West Palm Beach at the Faith Lutheran Church. For a \$15.00 there will be food entertainment and other exciting things going on. A beach party to be held the third Saturday of May is planned, the time to leave has not been set, but all Lutherans who have been confirmed or are in their teens (14-18) are invited and are to bring a date or friend, who are also welcomed to the Walther League meetings.

"Probation After Death" will be the subject of this week's Sunday service at First Church of Christ Scientists, Belle Glade.

The opening Scriptural passages will be from the Sermon on the Mount: "Blessed are the poor in spirit: for theirs is the kingdom of heaven." (Matt. 5:3).

Related readings will include these lines from the Christian Science textbook: "Willingness to become as a little child and to leave the old for the new, renders thought receptive of the advanced idea. Gladness to leave the false landmarks and joy to see them disappear — this disposition helps to precipitate the ultimate harmony." ("Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 323).

Mrs. Ruth Kirchman and Mrs. Wm. A. Reitz represented St. Peter Lutheran Ladies' Aid at the spring rally of the Lutheran Women's Missionary League at Redeemer Lutheran Church at West Palm Beach last Sunday afternoon.

The April meeting of St. Peter Lutheran Ladies has been postponed from Tues. April 30th, to Friday evening, May 3rd at 8 p. m. at the Luther Duda home.

World Missions Week Observed At S. Bay

The First Baptist Church of South Bay is observing World Missions Week along with every church of the Southern Baptist Convention. The goal for the Southern Baptist Convention churches is "A Million studying Missions in 1963."

Classes have been planned for each age group of the church. The Beginner and Primary group are studying a book "God Loves Everybody" taught by Mrs. Sharon Miller. Juniors are studying the book "Keep Telling the Story" taught by Mrs. R. A. Hall. Intermediates are studying the book, "Missions and Me" taught by Mrs. Thurman McKinley. Young People and Adults are studying the book "Christianity and World Religions" taught by the pastor, Rev. James A. Fenton. Nursery is open nightly for those birth-3 year olds. Classes to continue from April 21-26th.

Happiness isn't formed with facial muscles. It is deeper than a smile. Its brightness is merely mirrored in shining eyes.

Happiness is the warm fertile climate with which God has endowed each human soul. It will flourish as long as our hearts and minds are exposed to the radiance of God. And, for those who discover early the spiritual center of happiness, no storm of life can ever penetrate so deeply as to chill the joy of the soul.

Are you less conscious of that inner happiness than once? Perhaps you're living in the shadows... groping in dark forces... only a glimmer of God's truth filtering through.

Bring your soul out into the sunlight. Seek joy where it is found. The Church points the way.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest light on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and read your Bible daily.

Cooperative Jr. High School News

The bustle and bustle of springtime school activities goes on as usual. The highlights of this spring calendar are as follows:

The boys of the school enjoyed a weekend of life in the outdoors, camping at Fishing Creek in March. They were chaperoned by Mr. Herman Close, Mr. L. Williams and Wilbur Rittenhouse.

The Osceola Chapter F. H. A. was represented at the State convention in Jacksonville by Dorothy Croft and Betty St. Green. The girls were chaperoned by their Chapter Adviser Mrs. H. Ouellette. The group stayed at the Hotel Robert Meyer for the 3-day convention.

This month the entire group enjoyed a spring social with dancing and games as entertainment. The F. H. A. girls served refreshing fruit punch, and homemade chocolate cakes, decorated in the Easter motif. They were honored to have the Principal Mrs. Ruth Irvin and Mrs. Kay Latham as guests. Light Co., present at this occasion.

The girls are planning a camping trip to Fishing Creek for April 26-28. They are having many learning experiences in the planning and preparations for a weekend of fun. They are to be chaperoned by Mrs. Herman Close, Mrs. Ruth Irvin, Kaye Rittenhouse and Mr. and Mrs. Hilton.

Guild Announces Slate Of Officers

St. Elizabeth's Ladies Guild held its April meeting Wednesday evening at the home of Mrs. Barnes Smith with Mrs. George Talley as co-hostess. Mrs. Smith presented the devotional followed by prayer.

Mrs. Sera Smith gave an excellent program on the Four Phases of Prayer... Worship and Adoration, Praise, Thanksgiving and Petition.

Following the inspiring program reports of various officers and chairman were given and the nominating committee announced the following slate of new officers for the coming year.

The slate: President, Mrs. Richard Poston; vice president, Mrs. Myron E. Ludlow; recording secretary, Mrs. Barnes Smith; corresponding secretary, Mrs. R. E. Schenck; treasurer, Mrs. James Winchester.

Mrs. Ludlow reported on the Deannery meeting and Mrs. Marie Bregger will serve as a delegate from St. John's church at the Annual meeting of Episcopal Churchwomen at Deauville Hotel, Miami Beach, on May 7.

Following the meeting refreshments were served to 17 members during the social hour.

THE DAY I ALMOST GAVE UP MARTINIS

(By a new friend of 80 proof gin)

I had a couple of my usual martinis before dinner. Extra dry — about eight to one.

Next day I told a friend I was getting too old for martinis.

"It's not your age," he said, "it's your gin."

I had used good gin — very expensive gin — and I told him so.

"Sure," he said, "I'll bet it was 90 proof. Do you realize that your extra dry martinis — allowing for a dash of 36 proof vermouth — are over forty per cent straight alcohol?"

"If you're going to drink dry martinis," he added, "use a civilized gin. Like Mr. Boston 80 proof."

I took his advice — and it was good advice. With Mr. Boston gin — my martinis taste a lot better, go down a lot smoother... make a pleasant but sensible cocktail.

80 PROOF GIN TASTES BETTER

"Proof" is no measure of quality. It's a measure of alcohol content alone. (100 proof means 50% alcohol.) Alcohol itself has no flavor. The pleasant taste of gin comes entirely from the herbs with which it's distilled.

You'll find 80 proof gin has the big taste advantage of 80 proof milder — with the same full flavor of higher proof gins.

80 PROOF GIN COSTS LESS

Gins are taxed by the U.S. on their proof or alcohol content, only. The lower the proof — the lower the taxes, and the lower the cost to you.

80 PROOF GIN MAKES BETTER MARTINIS

It makes them extra dry, as you like them, but not extra strong. Twenty years ago the 34-1/2 martini was standard. Today, with the trend to dryer Martinis, the modern dry Martini has climbed from a smooth 75.5 proof to an overwhelming 84 proof solution! Mix with 90 proof gin. It gives you the same full, dry gin flavor, but it returns the Martini to its original, more moderate proof.

HOW TO MAKE DRY MARTINIS MAKE MORE SENSE

Using Standard 80 Proof Dry Vermouth	Using 80 Proof Dry Gin (or Vodka)	Using 80 Proof Dry Gin (or Vodka)
3 to 1 (Traditional)	75.5 Proof	60.0 Proof
5 to 1 (Dry)	81.0 Proof	72.5 Proof
8 to 1 (Extra Dry)	84.0 Proof	75.5 Proof

(The "standard" proof for today's bottled Martinis is a moderate 67.5 proof.)

OLD MR. BOSTON IS THE FINEST GIN YOU CAN BUY. It's vacuum distilled at an unusually low temperature in special glass-lined stills. Only at such a low temperature, is it possible to capture the most delicate essence of the herbs. This is one reason for Old Mr. Boston's flavor distinction. It is America's first and largest-selling 80 proof Dry Gin.

OLD Mr. BOSTON

"INTELLIGENCE IN THE PURCHASE... MODERATION IN THE ENJOYMENT."

BOBBY CARTER

Bobby Carter is 18, training as a mechanic at Glades Chevrolet. The owners of the business are G. W. Croves, V. W. Riedel, and E. J. Schoepel. He works under the supervision of Mr. Schoepel.

Bobby states his hobbies are girls, traveling and swimming and his favorite sports are football and baseball. Red is his favorite color and he loves Italian food.

His parents are Mr. and Mrs. W. E. Carter. Plans after graduation are to continue working at Glades Chevrolet "until my old Uncle Sam calls me."

Uncle Dan says:

Dear Miss Editor:
Zeke Grubb's preacher come by the country store Saturday night, reported his joints was stiff from setting in on committee meetings all week. He told the fellers he read once where a camel was a horse that was put together by a committee, said he wouldn't doubt it none on account of they had committees in his Church that put some funny things together.

He said they now got 32 committees at his Church, one more than last year, reported they added a new one on account of they always wanted to show a increase for the year in everything. The new one, he announced, was the Watchdog Committee, a addition suggested by the bishop on account of the many underground movements in most churches today. He said he made Rufe Zinder's wife, he best head-hunter they got, chairman of this new Committee. It ain't even been sworn in official yet, he said, but they've uncovered two plots, to get rid of the preacher, a plan for changing the Choir, 10 cases of jackbiting and one of backsliding. And he told the feller confidential that he had a suspicion they was getting ready to ap his telephone.

Incidental, the good Parson ask the fellers if they was smoking more and enjoying it. He reported this topic was sprung up Thursday night at the meeting of the Committee of Christian Living. Elie Sanders he solo singer in the Choir, was in charge of the program and Elie claimed smoking wasn't no sin. She said the Lord put verthing here for a purpose and she couldn't think of nothing tobacco was good for except smoking and chewing.

Hezekiah Adams claimed it was a sin and that if the Lord put everything here for a purpose, a man's nose wasn't put here for a smoke stick. But the big topic of the week reported the Parson, come Tuesday night at the meeting of the Christian Education Committee. Big Slim brung up the subject of evolution, said he was hearing some schools was teaching that us humans come from monkeys. According to Big Slim these folks was claiming that at one time they wasn't nothing but monkeys and they kept getting better and better till they turned into humans.

The Parson told the fellers he wasn't too shure we sprung from monkeys but it looked like the human race was going back to the monkeys. He said when God made man he was a pretty decent feller but he's been going backwards and getting worse all the time. He claimed he knowed a few men, from the way they was acting, that if they had a few fess you couldn't tell the difference.

The good Parson left a little early, said he had to take some bananas home to his six young-uns.

Yours truly
Uncle Dan

History of the BG Fire

After a disastrous fire on South Main Street in the year 1931, 1930, in which three buildings were lost, Lawrence E. Will started agitation for the purchase of some sort of fire protection for the protection of the town.

The town had very little or no money with which to buy fire equipment. Under these circumstances it was soon realized the purchase of a fire truck would be almost impossible. There were some too who were strictly opposed to such an expenditure by the town as they thought it was useless.

After a number of disappointments, Mr. Will found a truck, which was owned by the American LaFrance Foamite Co., stored in the Palm Beach Area. This truck was an old model but had been modernized to some extent and apparently in good condition.

The Company representatives were contacted and they agreed to sell the truck to the town for \$3,000.00 in water bonds. These were also needed for the operation of this truck and the Bureau Fire Hose Division of the United States Rubber Co., offered to sell the town 2,000 feet of 2 and one-half inch hose for \$2,800.00 with payments over a long period of time.

Some citizens of the town still were bitterly opposed to the proposition and even threatened to bring an injunction against the town to prevent its purchase.

On October 8th, 1930, George Tedder was appointed temporary chief of the Fire Brigade until such time as the Fire Dept. could be organized.

At a regular meeting of the town council on January 7th, 1931 it was decided to accept the offer of the American LaFrance Foamite Co. and the Bureau Fire Hose Co. and both companies were notified of the same on January 21st.

At a regular meeting of the town council on January 21st, Allen Greer was appointed head driver with L. E. Will, Harold Reidel, and George Tedder as assistants.

The exact date of the receipt of the fire equipment does not show on the minutes of the town of Belle Glade, but, from best information available it was received either late in Feb. or very early in March of 1931. At the meeting of the town council on February 4th, 1931 the town signed the contracts for the purchase of the truck and hose.

At a regular meeting of the town council on January 21st, Allen Greer was appointed temporary Fire Chief until the department could be organized. This was Feb. 18, 1931.

At a meeting of the town council on March 6th, 1931 the town accepted the apparatus upon satisfactory completion of tests. It was soon realized that a method of alarm was also needed, and the town, purchased a one horse-power double ended siren which was installed atop the Town Hall about the 1st of July 1931.
